We are focused on showing to our clients the most beautiful and natural parts of Portugal (Lisbon & Algarve), working mainly with Walking Tours, Birdwatching Tours, Traditional Experiences and Cultural Tours. In all our activities the participants are covered with all the legal insurances, and we always offer a bottle of water, oranges, and they are all identified with a badge. at the end of the Tour, we take a group picture and send a certificate to each participant. I would also like to mention that our groups are not big in order to keep the quality standards and give all the attention to each and other participant.
