Bilateral Meetings

- Saturday 18 April 2015 (11:15 am - 12:30 pm)

Description

Cape Cruiser has been around since 2003 based in Sagres specialized in dolphin and sea birds watching. During all year we have available coastal tours. Our activities are specially designed for tourism, education and research. With a dynamic and professional team, we have marine biologists responsible for all activities. Cape Cruiser participate in research and conservation projects of the marine wildlife and environment with the commitment to minimize our impact by following conduct guidelines.
